

HYLTON, WE HAVE
A PROBLEM

An out of this world
adventure to
NEW SUNDERLAND
on planet VX - 76

Tickets: www.sunderlandculture.org.uk
#UnlockingSunderland

Accessibility info:

The show takes place inside a shipping container.

The shipping container is 6m long and 2.4m wide.

It will feel enclosed.

The shipping container is wheelchair accessible – there is one wheelchair space per performance.

The performance will take place predominately in the dark. With the story being fed to the audience via headphones.

There will be some flashing lights, strobe and some lights from LED strips.

There will be quite a lot of loud noise and some unexpected sounds.

The visual element may affect senses as it will be very bright and sometimes the imagery will be very quick.

Story is exciting and has elements of mild peril.

Running time is approx.. 23mins.

Show themes: Sci-fi, B-movie, Space, travel, escape, hope, camaraderie
